

WORD PROBLEM WORKSHEET

- 1) Marie has 110 small nails to hang 24 signs. If each sign requires 4 small nails, how many small nails will be left over after hanging the signs?
- 2) You need to solve 20 hard problems to pass a test on Monday. If you have 2 minutes to take the test, how many seconds can you spend on each question?
- 3) You have 3 large glass jars. If each one can hold 5 pens, how many pens will you need to fill your jars?
- 4) Tammy lives 5 miles from Sarah. If she can run each mile in 10 minutes and leaves at 2:45, what time will she arrive?
- 5) Baily needs to divide \$42 in new quarters into 6 piles? How many quarters will be in each pile?
